LANGUAGE

English - full professional proficiency
Polish - native

TESTING TOOLS

Test frameworks: Playwright, Cypress
Test management: Qase, Testim
Project management: JIRA, Confluence
API tools: Postman, Swagger, Insomnia
Dev tools: Chrome DevTools
IDE: VSC, Webstorm
Security Testing: Burp Suite, ZAP
Performance tests: Apache JMeter
Testing CI: GitLab CI/CD

OTHER TOOLS

Programming language:
JavaScript / TypeScript
DevOps platform: GitLab, GitHub
Control version system: GIT
Databases: SQL, PostgreSQL
UI tools: Figma
Other: BrowserStack, Aqua IDE, Copilot, Applitools

KEY SKILLS

Manual Testing:

- smoke, functional, regression, system testing, performance, usability tests
- **API** testing
- prepared and executed test cases in **Gherkins** format

Automation Testing:

- automation of **e2e** tests
- automation **API** tests
- use of **POM** pattern

SOFT SKILLS

Good communication skills
Team player
Quick learner
Flexibility
Creativity

Demonstrated proficiency in all mentioned tools and technologies, with practical experience enabling their confident and efficient use in software testing and quality assurance workflows.

QA Specialist & Automation Test Engineer with 4+ years of hands-on experience in end-to-end test automation across multiple domains, including Construction, Aviation, and Email Marketing. Proven track record in designing and implementing scalable test architectures, with a strong focus on CI/CD integration and early defect detection.

Experienced in leveraging AI-powered tools to accelerate test case generation, prioritize test execution, and reduce manual effort. Skilled in optimizing QA pipelines to minimize feedback loops and maximize automation ROI. I actively automate quality gates within CI processes to ensure rapid validation of critical workflows, enabling faster and more reliable releases.

Driven by efficiency and quality, I continuously refine testing strategies to shorten release cycles and reduce the need for manual testing involvement, while maintaining high coverage and user-centric standards.

PROFESSIONAL EXPERIENCE

QA Specialist

03.2024 – now

EPC Network - digital marketing company

Independently designed and implemented an automation testing framework for marketing solutions using JavaScript/TypeScript, Cypress, and Playwright. Created GitLab CI/CD workflows for testing and integrated notifications with Slack. Collaborated with the development team to implement application monitoring solutions and conducted testing for ongoing application changes.

QA Engineer

09.2022 – 12.2023

Evionica – Aviation software company

Developed testing strategies, analyzed results from manual and automated tests, and designed test scenarios and automation scripts. Verified product compliance with client requirements and technical specifications. Enhanced automated testing using JavaScript/TypeScript and Playwright.

Software Tester

08.2021 – 08.2022

Hustro - Software for managing construction projects

Created and maintained test documentation, conducted regression testing, retesting, and exploratory testing for web and mobile applications. Efficiently identified and reported application bugs, tested REST APIs using Postman, and developed automated GUI tests using JavaScript/TypeScript with Cypress. Additionally, enhanced REST API test automation with JavaScript/TypeScript.

Actively participated in the recruitment process for tester positions, including reviewing candidate profiles, conducting technical interviews, and assessing skills to build a strong QA team.

Intern software tester

02.2021 – 06.2021

TestArmy - QA and Software Testing Agency

Developed and maintained test documentation, effectively identified and reported bugs, and performed functional, regression, and exploratory testing for web and mobile applications. Gained foundational knowledge in HTML, CSS, DevTools, and Postman.

EDUCATION

Maritime University of Szczecin

2010 - 2015

Bachelor of Navigation Engineer

Secondary Technical School of Electrical Engineering

2006 - 2010

Information Technology

COURSES & CERTIFICATIONS

- Testing Academy Plus, testuj.pl - February 2021
- ISTQB® CT Foundation Level – April 2021
- Self-study:
 - Frontend Web Developer Bootcamp
 - Complete JavaScript Course 2025
 - SQL for tester
 - JMeter: Performance and Load Testing
 - Pentesting with Zed Attack Proxy

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
